The Antisemitism of Jacob Blake Sr.

Many dissidents remember the scene of Kenosha, Wisconsin as the place where Kyle Rittenhouse was pursued by several scum whom he eventually shot and killed. However, we can easily forget the reason for all of the civil unrest in Kenosha. Jacob Blake, a black criminal, got into a tussle with police and seriously injured when he resisted arrest. This was months following the death of George Floyd, so Blake's shooting simply added insult to injury for the Black Lives Matter crowd. I have zero sympathy when black people, most of whom should be jail and all of whom should be in Africa, get into it with cops. But just sometimes, we get some juicy bits from the family. His dad it turns out, has some harsh words for Jews on his Facebook feed.

> A jew can’t tell me shit period.
>
> The same pink toe Jewish people that control the interest rate control the media they control Minds and money
>
> The Jewish media picks and chooses who is a terrorists and is not
>
> A cracker jew can do whatever a white woman for years but let a jig try it
>
> Warning for Jews in Pittsburgh no warning for gunman in Kentucky
>
> I’m 100 percent with Farrakhan

These posts were dug up by Breitbart, a jewish outlet, no doubt in an effort to prove that dems are the real racists. You see how conservatives criticize the left from a position of liberalism? A lot of this is rather incoherent, but it is nonetheless a good sign. It is a sign that the jews’ negro pets are revolting in real time. And it is wonderful to behold!
